

## FORCES OF MADRIZ BEATEN BY REBELS

Estrada Adherents Expect to  
Assault the Capital With  
Army 6,000 Strong.

Bluefields, Nicaragua, Feb. 5.—Dispatches received here describe the engagement between the provisional forces, under General Mena, and the government troops. In an official dispatch General Mena says that he defeated 600 of the enemy commanded by General Garrido, a Guatemalan, at Las Carlas, which is midway between La Libertad and Juigalpa.

Mena completely routed the enemy, capturing many weapons and rifles. The losses to the Madriz forces were heavy, while the provisionals suffered only slightly.

General Mena is pushing forward to join General Chamorro at Comapa, which is well on the way to Managua. Chamorro in the last few days in his advance upon the capital executed a flank movement, thus evading the Madriz troops, which were engaged to engage him at Acayapa. Comapa is one and a half days from Teustepe, in Managua province, with a clear road from there to Granada.

The Madriz forces, the dispatches say, have retreated to Santo Domingo, directly to the north of Teustepe. General Chamorro holds all the lines to the interior, and the enemy behind him is completely cut off.

General Aurelio Estrada, brother of the president of the provisional government, has 1,200 men in the hills, six miles from Managua, having successfully organized a rising some time ago directly under the nose of the administration. He will join Chamorro and Mena in the march on Managua.

The provisional government expects that the people of Granada and Vilva will reinforce the provisionals, making Estrada's army 6,000 strong.

Great excitement prevails here. The expedition which went to Greytown on the gunboat Ometepe has returned, after having been fired upon a number of times by the batteries. No landing was effected. A courier from Chamorro, bearing dispatches to General Mena, was captured by the Madriz soldiers en route.

## BIG CONCERN IS ORGANIZED HERE

(Continued from Page One.)

decided that there was a good opportunity to sell 1,000 shares of stock at \$10 a share, and that no one would be permitted to take more than ten shares. This, of course, would give a capital of \$10,000, one-tenth of which will be paid in at the time of the filing of the articles of incorporation, the balance to be paid in shortly afterward.

Mr. Critchlow presented the proposition to business men generally, and appealed to them so strongly that up to last night the stock was oversubscribed. The waiting list is long, and on it are many prominent business men of Salt Lake, as well as of Ogden. Among the organizers are:

Frank B. Stephens, Sam S. Porter, John D. Dyer, Ben Davis, L. H. Farnsworth, John O. Critchlow, E. C. Dyer, J. B. Stauffer, W. W. Armstrong, Dr. W. F. Boer, N. M. Hamilton, George E. Merrill, George W. Morgan, J. P. Morris, J. E. Risque, M. H. Walker, J. C. Ross, Dr. Samuel Allen, George T. Odell, Harry P. Clark, W. H. Pines, J. Davis, Joseph Geoghegan, George H. Smith, W. J. Tudenham, C. W. Nibler, W. H. Williams, W. E. Lake, George E. Hale, William Sowerth of Ogden, John Pines of Ogden, Judge J. A. Howell of Ogden, and others.

The rapid organization of the new company shows the great confidence which business men have in the future of Salt Lake. They immediately saw a field for the new company and an admirable chance to bring eastern capital and investment into Utah. The organizers are composed of business men whose names connected with any venture would almost guarantee success, and the sponsors for the Colonial Realty & Trust company believe that they have a great future.

Manager Critchlow will open offices at once, and expects to find a location in Main street.

## Give Your Stomach A Vacation

By Using Stuart's Dyspepsia Tablets  
Which Digest Food Without  
Any Aid.

A Trial Package Sent Free.

The stomach should have a rest when it is tired out and irritated from dyspepsia and indigestion. One should not call upon the stomach in this condition to do its full and complete duty. What the stomach needs is natural assistance and when this is given it the stomach responds quickly to the needed rest and comes back to its duties refreshed and invigorated.

When you feel as though your stomach were a piece of lead, when gases or food odor issue from your throat, when your tongue is coated and your appetite gone, it is high time to send your stomach on a vacation.

The stomach is constantly coming in contact with foreign substances, which it must reduce in form to give strength and health to the other organs of the body. It is the commissary department of the human system and must furnish from such supplies as come to it all that such a system demands.

If the stomach becomes deranged and cannot furnish all that is necessary, it weakens the entire machinery of man, and is itself placed out of commission. It cannot cure itself because the curative powers of Nature receive their force from the stomach, so that if the stomach issues imperfect nourishment it cannot receive perfect curative means for its own benefit.

Stuart's Dyspepsia Tablets impart all the power, vigor and strength necessary to the stomach. They do the stomach's work and without calling on this organ for assistance.

If you would put your meal in a glass jar and with it place the correct amount of Stuart's Dyspepsia Tablets you could sit down and watch these little tablets digest the meal as perfectly as the most healthy stomach. This demonstration has been made in almost every state in the Union by these tablets, one grain of a single ingredient being capable of digesting 500 grains of food.

If you have the slightest doubt about your stomach, go to the nearest drug store and buy a box of Stuart's Dyspepsia Tablets, price 50c, or send us your name and address and we will immediately send you by mail a trial package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

## MORE PERSECUTION FOR ODESSA JEWS

Management of Splendid Hospital  
Virtually Taken  
From Them.

(Special to The Herald-Republican.)

The New York, Feb. 5.—Information just received here from Odessa by the American Jewish committee shows that the relentless persecution of the Jews of that city, at the instigation of the governor, Tolmacheff, is unabated. His latest move is against the Jewish hospital of that city, the best and largest institution of its kind in southern Russia. Its income is 200,000 roubles from the Jewish meat tax and private donations. It is housed in buildings erected with money given by Jews. For fifty years past it has been conducted by a Jewish board of directors and Jewish physicians.

The recently Tolmacheff, without warning, prepared new articles of incorporation, which have been ratified by the cabinet minister and are now being put into effect. Though it is strictly a Jewish hospital, the new articles of incorporation require that there shall be two Christians on the board of directors, one to be appointed by the governor of the city and one by the city council. The governor has appointed Hellekan, one of the arch anti-Semites of Russia, and the de facto leader of the Black Hundreds in Odessa. In addition, the appointment of the hospital physicians has been taken out of the hands of the board of directors and put into those of the governor, who is expected to appoint Christians.

The Jews of Odessa, who have suffered so much at the hands of Tolmacheff, are in despair now that their splendid Jewish hospital has fallen into the hands of their enemies and detractors.

## NOBILITY OUT IN FORCE

Ambassador Hill Gives Ball in Berlin  
to Introduce His Daughter  
Into Society.

Berlin, Feb. 5.—American Ambassador and Mrs. David Jayne Hill gave one of the largest balls of the season at the Hotel Adlon tonight to introduce their daughter, Miss Katherine Hill, into society. The crown prince, Frederick William, and Prince Oscar were among the 650 guests present, who included the highest court officials and diplomatic representatives.

Among the Americans present were General Stewart L. Woodford and Mrs. Woodford, Professor Benjamin Ide Wheeler of the University of California and Mrs. Wheeler, Miss Eva Sprague of Berkeley, Cal.; Consul General Trackway and Miss Trackway.

Count von Wedel and Baron von Inn Kniphausen, lieutenants in the guards, led the dancing, the latter beginning the Lancers with Miss Hill. The debutante wore mouseline de sole over white satin. An old-fashioned quadrille preceded the dancing. German supper, waltzes, three couples waltzing to the supper, which was served at small tables. Prince Oscar had Miss Hill as a partner on this occasion.

The cotillon favors for the ladies were fans and statuettes, and for the men ribbons of the various German orders.

Ambassador and Mrs. Hill gave a reception yesterday to American residents of Berlin.

## STATE JUDGE IS WRATHY

Government Gauger Jailed for Contempt  
at Atlanta, But Released  
By the Federal Court.

Atlanta, Ga., Feb. 5.—In addition to denying and denouncing United States Circuit Judge Newman for refusing to make a government gauger tell what he knew about the operation of a distillery, Judge W. W. White of the county, in a public car, today said:

"I've done my duty. Now let the governor do his. A brewery is making lager beer in open and notorious defiance of the law, even in sight of the governor's mansion in Atlanta. Now what is going to be done?"

Judge Fite summoned Gauger Stegall to testify as to the operation of the Curren distillery. Stegall refused because of the law forbidding any government employee from telling anything he may have learned while in an official capacity. Judge Fite put Stegall in jail for contempt of court. Judge Newman issued a writ of habeas corpus and released the gauger. The contention between the two judges led Tom Watson, once populist candidate for President, to urge "armed resistance by the state to the interference of federal judges."

Next week will see a clearing of the atmosphere. Premier Asquith and Chancellor Lloyd-George, who have been resting on the continent, and other members of the cabinet who went to the country after the campaign are now on their way to London. The first formal meeting of the ministry will take place on February 10, and the changes in the cabinet, the wording of the king's speech for the opening of parliament and the course of business for the commons then will be decided.

The king will be absent from London at that time, the plan being that he shall spend a week at Brighton course to prevent the suggestion that he is taking any side in the controversy.

## BOLD BANDITS ROB PASSENGER TRAIN

Holdup Occurred in Kansas  
Five Miles East of Town  
of Pittsburg.

Pittsburg, Kan., Feb. 5.—Three unidentified men held up and robbed passengers on an eastbound Missouri Pacific passenger train five miles east of here tonight. They were unmasked. About \$400 and a small amount of jewelry was taken.

The robbers boarded the train on the outskirts of Pittsburg. They took seats in the chair car until the train was near Cornell, Kan. There they jumped from their seats, backed Conductor Garvey into a corner and, drawing revolvers, warned him not to call for assistance.

One robber then covered the passengers with two revolvers.

"You will now prepare to give up your valuables," he said. "My partner will pass among you. Please be quiet."

The partner thereupon produced a gunnysack and started on his collection tour. From each passenger he took money, watches, diamonds and rings.

One woman screamed and fainted. The collector calmly lifted a ring from her finger, picked up her purse from the floor, where it had fallen. Not one passed on to the next victim. Passengers revived the woman after the robbers left the coach.

Throughout the progress of the robbery the train hurried ahead. Not one of the crew, with the exception of the conductor, knew a robbery was being perpetrated.

When the lights of the town of Cornell came into view several passengers at the rear of the train stopped. They were reached by the robbers, who would escape with their valuables, and began placing them back in their pockets.

But they were doomed to disappointment. Just because the train stopped at the station the robbers did not hurry away. The robber with the gunnysack stripped the last passenger in the car of his goods. Then the three dropped off and disappeared down an alley.

No attempt was made to rob the express car.

Sheriff Merriweather and a score of deputies at once began searching for the men. They are believed to be hang-outs of the mining camps in the northern part of the county.

## ADOPTED BY REICHSTAG.

Berlin, Feb. 5.—The reichstag, without debate, today adopted the bill approving the government's tariff arrangement with the United States.

## A Dead Stomach Of What Use Is It?

Thousands? Yes, hundreds of thousands of people throughout America are taking the slow death treatment daily. They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digestives, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-o-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks, they build up the run-down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Mi-o-na stomach tablets are sold by druggists everywhere, and by Schramm-Johnson, who guarantee them. 50 cents a box.

# Baked on Scientific Principles

Only the best Hard Wheat Flour is used in the Royal Bakery.

The different kinds of flour are scientifically blended in an immense flour mixer to obtain the superior taste for which "Table Queen" is distinguished.

The Flour is all automatically weighed, giving an exact amount to each batch.

The "Mixing" Room is kept at a certain even temperature, as is also the "Raising" Room, and the process carefully watched by experts.

The "dough" is automatically and accurately scaled for loaves and then carefully moulded.

After being placed in "The Mueller" Patent Bread Pans, the loaves go into the "Proving" Room to secure even "raising" for each loaf.

The bread is then passed on to the five immense ovens, where they are baked at the right baking temperature until each loaf is of the same consistency and crispness.

The means employed in handling the bread before and after it leaves the ovens is governed by the strictest sanitary rules.
